6 Hardcover books  
\$239

Many Catholics living today can remember when priests were well trained in theology and could express the Faith properly in their sermons and in their writing. That is because they were given sound teaching at the seminary in Logic, Philosophy, and Dogmatic Theology from textbooks such as this 12 volume set. The famous Pohle-Preuss manual was

used in many seminaries in America and other countries prior to the 1950's. This particular manual was used in the Jesuit seminary where Fr. Leonard Feeney, who was one called by his Jesuit superior "the greatest theologian we have in America...by far" was trained. This beautiful hard-bound series is an exact reproduction of the edition originally published in 1911, and it

was written by Rt. Rev. Msgr. Joseph Pohle and edited by Arthur Preuss. Joseph Pohle produced one of the clearest and most succinct and useful systematic studies of Catholic theology ever published. This series is invaluable for priests, seminarians, and anyone interested in a systematic study of dogmatic theology.

DOM PROSPER GUÉRANGER  
THE LITURGICAL YEAR

The holy abbot, Dom Prosper Guéranger, the founder of the Abbey of Solesmes (d. 1872), takes the reader on a daily spiritual pilgrimage through the liturgies of both the East and the West as he immerses the soul into the very life of the *ecclesia orans et adorans* (the church praying and adoring). The author achieves this by providing daily entries corresponding to the yearly cycle of the Church’s worship in both her divine seasonal feasts and those of her saints.

This is a book to be read and studied for a lifetime. Even a once through

reading will immeasurably increase your knowledge and love of the history and true liturgical life of the Church.

Loreto’s edition is unique in that it has all of the articles expurgated from the original American edition restored. This set of books has had a great influence on many English speaking priests and Bishops who have recently returned to offer the holy sacrifice according to the Immemorial Roman Rite.

Louis Martin, the father of St. Thérèse, read this book nightly to his children, and she credits it with being a great influence on her personal spiritual life and growth.

### The aLapide Project

For centuries Cornelius aLapide S.J. has owned the reputation as the best Catholic commentator on Holy Scripture. Unfortunately his work has only been available in Latin, all 33 volumes of it.

It has been one of Loreto Publications most cherished undertakings since the founding of our organization, in the 1990s, to make an accurate translation of his work into English. Recently, our veteran translator retired, and after some lengthy searching (and some false starts) we now have two qualified translators willing to undertake this important, but tedious and time consuming project. A thorough knowledge not only of 17<sup>th</sup> century ecclesiastical and scholastic Latin is required but also Greek and Hebrew.

We have engaged them to translate the commentary on the Acts of the Apostles and the Apocalypse of St. John. Both are multi-year projects and expensive. Rather large sums must be expended before publication.

We are praying that some of Loreto's supporters will be able and willing to financially support this invaluable project. Support could be in the form of loans or donations. We can assure you that many orthodox priests and deacons and seminarians rely upon aLapide's work to deepen their knowledge and love of scripture, and that these books have had an impact on the depth and piety of their preaching.

The restoration of sound teaching and moral and liturgical orthopraxy is underway in the Church—despite all of the problems of the day—Christ will shine through even more gloriously as the darkness of the world around us deepens.

What is Loreto Publications?

Loreto Publications is a Roman Catholic missionary apostolate whose ultimate goal is the conversion of these United States of America to the Catholic religion. Loreto has been consecrated to Jesus through

the Immaculate Heart of Mary and we have chosen St. Thérèse of the Child Jesus as our special patron and protector. She visited the Holy House of Loreto. It was her favorite shrine in all of Christendom.

Partnership Program

We wish to remain dependent upon Our Lady for the monetary needs of the apostolate and not on the usurious banking system. Catholic publishing partnerships are offered so that fellow Catholics may invest their own funds, thereby gaining a reasonable, but legitimate, profit for themselves and thus allowing Loreto to fund our apostolate with-

out recourse to the banks. Are you interested in helping Loreto Publications publish essential Catholic books? Contact us to find out how you can participate in this great work!

We have many ambitious hopes for 2023 and beyond but we are in need of some partners. If you are interested in investing please call or email: Doug1@LoretoPubs.org
